

Setting up your Confluence Account

To help identify who's-who and to find out more about other members who share similar interests, we ask all KiwiSpace Members to configure their profile account with the following:

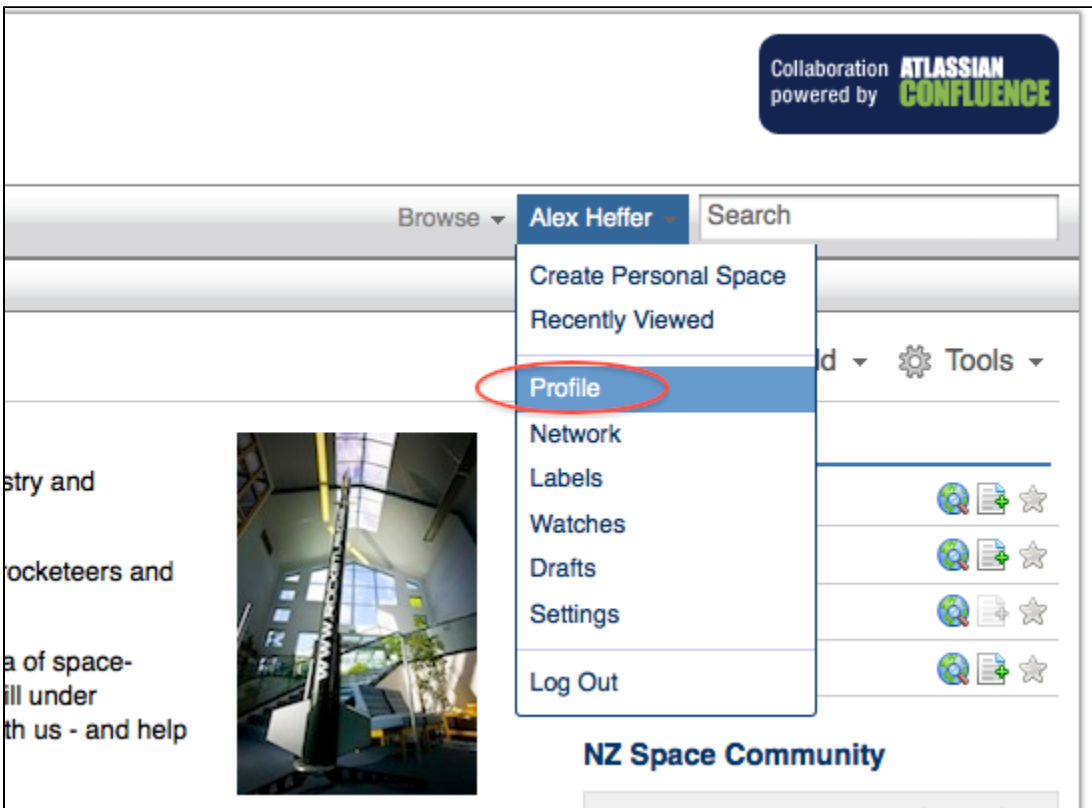

Profile Essentials

- **Profile Picture:** Should be a headshot that would allow others to identify you across meeting table, etc.
- **Location:** Suburb, City (and country, if applicable)
- **About me:** A blurb about yourself, and a summary of your interests:
 - Space Interests (e.g. rocketry, space law, astronomy, etc)
 - Relevant organisations you're a member of (e.g. NZ Rocketry, Aeronautics Association, etc)
 - Employer or past employment (if relevant to space, or you want to share)
 - What brings you to KiwiSpace (what you want to achieve, etc)

The profile is public, but your email address is hidden (even from other members).

How to edit your profile or change your password

1. After you've initially logged in, if you click on your name at the top-right, you'll see a link 'Profile'

- Clicking on the 'Edit' link on the right hand side of the **Details** page will allow you to modify your profile.
- Choose **Picture** to go to the upload picture page.
- **Password** will allow you to change your password at any time.

About Me

While fascinated about space and an avid dreamer since I was a child - what really revitalised my interest in space travel was watching the Rovers Spirit and Opportunity landing on Mars. It amazed me to see that we were remotely controlling something so far away, on a completely different world.

I want to bring this passion and excitement to every kiwi Kid – but not only as a spectator, but as an active participant.
